

## LANNETT WEBSITE

### PRIVACY POLICY

We respect and are committed to protecting your privacy. That is why we have adopted this Privacy Policy. This Privacy Policy lets you know how and for what purposes your personal information is being collected, processed and used. We pledge that we will take reasonable steps to ensure that your personal information will only be used in ways that are in compliance with this Privacy Policy. **This Privacy Policy is only in effect for any web pages, e-mail lists, collective non-user-specific information and collective personal information collected on or through Lannett's website, located at [www.lannett.com](http://www.lannett.com), as well as any online features, services and/or programs offered by Lannett (collectively, the "Website").**

#### Use of Information

Information collected by Lannett Company, Inc. ("Lannett") is used for two main purposes. First, we collect information to improve the Website by determining which of our areas, features and forums are most popular. In addition, we collect information to enable our users to participate in features, services, programs and/or other activities from time to time.

In order to participate in certain features, services and/or programs of the Website, we may require that you provide us with certain specific information, such as your full name, company information, mailing address, telephone number, e-mail address, gender, personal interests and/or other information specific to you. You can choose whether or not to provide us with this information, but if you choose not to provide any required information, your experience on the Website may be diminished and some features may not be available or may not work as intended.

#### How Information is Collected

##### **IP Address**

Every computer connected to the internet is given a domain name and a set of numbers that serve as that computer's "Internet Protocol", or IP, address. When a user requests a web page from the Website, our web servers automatically recognize that user's domain name and IP address. The domain name and IP address reveal nothing personal about the user other than the IP address from which the user has accessed the Website. We may use this information to examine our traffic in the aggregate, but do not collect and evaluate this information for individuals. Our web servers do not automatically record e-mail addresses of users.

##### **Cookies**

From time to time, we and/or our affiliates may send a "cookie" to your computer. A cookie is a small piece of data that is sent to your internet browser from a web server and stored on your computer's hard drive. A cookie, by itself, cannot read data from your hard disk or read cookie files created by other websites. A cookie, by itself, does not damage your system. We may use cookies to identify and keep track of those areas of the Website that you have visited in the past in order to enhance your next visit to the Website. We may use this information to better personalize the content that you see on the Website. You can choose whether or not to accept cookies by changing the settings of your internet browser. If you choose not to accept cookies, your experience on the Website may be diminished and some features may not be available or may not work as intended.

In addition to the other times or occasions on which we might disclose information about users of the Website, we might also disclose information when required by law or in the good-faith belief that such disclosure is necessary to: (a) comply with a legal process; (b) enforce this Privacy Policy; (c) respond to claims that any materials, documents, images, graphics, logos, designs, audio, video and any

other information provided from or on the Website violates the rights of third parties; and/or (d) protect the rights, property or personal safety of Lannett, its partners or users or the public.

We use reasonable precautions to keep the information that is disclosed to us secure. We reserve the right to transfer information in connection with the sale or other disposition of all or part of Lannett's business and/or assets. Furthermore, we cannot and will not be responsible for any breach of security by any third parties or for any actions of any third parties that receive any of the information that is disclosed to us. The Website may also link to other websites. We are not and cannot be responsible for the privacy policies of those websites of third parties or how they treat information about their users.

### **Value Added Benefits**

We may request that you provide us with the personal information identified in the "Use of Information" Section of this Privacy Policy for the purposes identified in that Section. Whenever we request personal information from a user of the Website, we will make an effort to indicate the purpose of the inquiry at the time the information is requested. Additionally, we may from time to time send e-mail to you announcing new features, services and/or programs offered through the Website. **Users have the option of not participating in these value added benefits by following the procedure for withholding your personal information that is set forth at the end of this Privacy Policy.**

When you create a User Account, UserID and password on the Website, and when you participate in any of the features, services and/or programs offered through the Website, we may request your full name, company information, mailing address, telephone number, e-mail address, gender, personal interests and/or other relevant information specific to you. This information will allow us to create your User Account and provide you with information that we believe will be important and relevant to you. This information may also be used by us to notify you of features, services and/or programs that may be of interest to you.

Whenever we collect personal information about you, we will make an effort to include a link to this Privacy Policy on that page.

### **User Account, Password and Security**

For certain features available through the Website, we may require the use of encryption technologies provided for your protection and/or your use of a UserID and password after setting up a User Account. We use reasonable precautions to protect the privacy of your UserID, password and User Account information by utilizing an SSL connection. Accordingly, your UserID, password and User Account information are encrypted using an SSL connection and are not expected to be read in an intelligible form as they travel to the Website. You, however, are ultimately responsible for protecting your UserID, password and User Account information from disclosure to third parties, and you are not permitted to circumvent the use of required encryption technologies. You agree to: (a) immediately notify Lannett of any unauthorized use of your UserID, password and/or User Account, and/or any other breach of security, and (b) ensure that you exit from your User Account at the end of each session. While we may provide certain encryption technologies and use other reasonable precautions to protect your confidential information and provide suitable security, we do not and cannot guarantee or warrant that information transmitted through the internet is secure, or that such transmissions are free from delay, interruption, interception or error.

The Website is not intended or designed to attract children under the age of thirteen (13). We do not collect personally identifiable data from any person that we know to be under the age of thirteen (13). If we learn that a user under the age of thirteen (13) is publicly posting or sharing personally identifiable information on or through the Website, then we will use reasonable measures to block that user from accessing these areas of the Website.

Parents should be aware that Lannett's Privacy Policy will govern our use of personal data, but also that information that is voluntarily given by children – or others – in chat sessions, e-mail exchanges, bulletin boards or the like may be used by other parties to generate unsolicited communications. Lannett encourages all parents to instruct their children in the safe and responsible use of their personal data while using the internet.

For those users visiting us from the European Union, please note that Lannett may transfer your personally identifiable data outside the European Union for use for any of the purposes described above. By using the Website and providing Lannett with your personal data, you consent to such transfer of your personal data.

### **Privacy Outside the Website**

The Website contains various links to other websites, including links to various third party service providers. Lannett is not and cannot be responsible for the privacy practices or the content of any of those other websites. Other than under agreements with certain reputable organizations and companies, and except for third party service providers whose services you voluntarily elect to utilize, we do not share any of the personal information that you provide to us with any of the websites to which the Website links, although we may share aggregate, non-personally identifiable data with those other websites. Please check with those websites in order to determine their privacy policies and your rights under them.
